

SHOWCASE RESOURCE / CURRENT VERSION 2

Fabricam Club Handbook

Welcome to the club

Fabricam is a fictional community soccer booster club, built to demonstrate AcaBoost. We bring families, volunteers, and local partners together to support opportunities for every athlete.

Find your next step

Volunteer: choose a published event, review role instructions, and select an available shift. A full shift demonstrates the waitlist workflow.

Register: explore a skills clinic, a family fan night, or booster membership interest. All showcased registrations are free.

Stay organized: use the calendar filters and subscription tools to keep the season close.

A welcoming match day

Arrive with time to spare, bring water and suitable layers, and treat athletes, officials, and fellow supporters with respect. Volunteers check in with the event lead 15 minutes before their shift.

About demo entries

Forms save records in the Fabricam showcase account. Use your own email only if you want confirmations. People, sponsors, locations, and fundraising totals on this site are fictional examples.
